# HONG KONG MARITIME WEEK 2018

The “Hong Kong Maritime Week 2018” has successfully completed its voyage, after a week of bustling and spirit-lifting maritime activities. We would like to give our heartfelt thanks to the enormous contributions of various organisations, especially our co-organisers the Hong Kong Shipowners Association and the Hong Kong Maritime Museum, and partners the Hong Kong Trade Development Council and InvestHK, as well as the fervent support and participation of all event organisers and participants.

Held from 18 to 24 November, the Hong Kong Maritime Week (HKMW) 2018 is the largest ever since its inauguration in 2016, with 54 activities staged by over 60 local and overseas industry bodies, professional associations, business organisations and academic institutions. The wide variety of activities, surrounding the themes of “shipping and maritime”, “maritime law and arbitration”, “ship finance”, “marine insurance”, “ship management”, “marine technology”, “port and logistics” and “maritime education and career”, cover the full spectrum of the maritime services and port sectors.

With the overwhelming response and positive feedback of the industry and the community, we believe that the HKMW 2018 has achieved its primary goals of showcasing Hong Kong as an premier international maritime centre that provides superb maritime and port services, as well as fostering solidarity of the Hong Kong maritime cluster to propel the industry towards the shared goals of capitalising further development opportunities with pride and energy.

The voyage of the HKMW 2018 has now been completed for this year, but surely it will weigh its anchor again. We look forward to your continued support for the next edition of the HKMW. See you all again!
