Over 30 industry-led and public events will be organised by over 50 local and international organisations in the HKMW 2022. HKMW will start with a fun-filled Orienteering Race (20-21 Nov), followed by a business-focused Opening Ceremony cum back-to-back “World Ocean Summit Asia-Pacific Insight Hour” seminar on the first business day of the Week (21 Nov).

HKMW's signature event, the Asian Logistics, Maritime and Aviation Conference (22-23 Nov), one of the major events in the programme to mark the 25th Anniversary of the establishment of the HKSAR, jointly organised by the HKSAR Government and the HKTDC, and in association with HKMPB and the Hong Kong Logistics Development Council, will examine the importance of building connectivity, fostering collaboration and driving innovation in creating a sustainable future for the industry and global trade development in the two-day bumper programme.

HKMW covers a wide range of themes, from Building up of Maritime Talent Pool, Greater Bay Area Development, Education & Career, Green Shipping, Maritime Technology, Ports & Logistics, Shipping & Maritime to high value-added services such as Marine Insurance, Maritime Law & Arbitration, Ship Finance and Ship Management.

Topics covered by event organisers reflect a thoughtfully curated programme that gets to the heart of the key interests and concerns of all professionals engaged in the fascinating maritime world.

From headline-making conferences and in-depth seminars and forums to industry visits and tours, participants can look forward to a blistering week of activities. Whatever your field of interest, HKMW will have it covered!
